PEOPLE TO VOICE A PROTEST

Great Anti-Annexation Mass-Meeting to Be Held Tonight in Hamilton Hall

All Who Have Interests in City of Oakland Are Urged to Attend

The Oakland Chamber of Commerce has called a mass meeting of the representative citizens of the various communities on this side of the bay to be held tonight at Hamilton Auditorium, corner of Thirteenth and Jefferson streets, to join together in a vigorous protest against the passage of the Wolfe bill to amend the Constitution so as to facilitate San Francisco's ambition to absorb them, appropriate all their properties and force them to share in the burden of carrying the enormous bonded indebtedness.

AROUSES PROTEST.

The measure has aroused great indignation in Oakland and in Berkeley particularly, and the spirit of opposition to it has spread to San Leandro, Hayward and other towns in the interior of the county, and in all probability each one of them will send delegations to the meeting to join in the protest to be forwarded to Sacramento. Representatives from all of the improvement clubs and civic organizations in the various east bay shore cities are also expected to be present.

THE PROPOSED MEASURES.

Two constitutional amendment bills providing for the consolidation of inter-county communities under one central city and county government have been introduced by Senator Wolfe of San Francisco. The object of both is alike. The first of these bills was introduced by Senator Wolfe some time ago and was referred to the Senate Judiciary Committee, where it has since lain dormant. Last week Wolfe introduced the second bill, which is identical in its purpose to the first bill, but is more forcibly worded, and makes more plain the real object in view, which will be found in the following paragraph at the close of the bill:

"Such city and county shall be liable for a just proportion of the existing debts and liabilities of the county or counties from which any part of its territory is taken, and shall be entitled to a just proportion of the property of such county or counties, and until such proportion is determined, such city and county shall be entitled to any property of such county or counties situated within the limits of such city and county and such county or counties shall be entitled to any property of such county or counties situated without the limits of such city and county. Such consolidated government shall also be liable for all the existing debts and liabilities of any municipal corporations merged therein."

The failure to withdraw the first bill by Wolfe when he introduced the second measure in the Senate has

HIGH SOCIETY ON QUI VIVE FOR EVENT

Ceremony and Reception to Be Most Magnificent in New York's History.

Bride and Bridegroom Will Spend Long Honeymoon in California.

NEW YORK, Feb. 6.—With the rehearsal today of Decies-Gould wedding, preparations for this social event of the first magnitude, to take place in St. Bartholomew's Church tomorrow, approached final completion. Today's informal anticipation of the real ceremony at the church was largely for the purpose of teaching the two young bridesmaids, Michael and Graham, sons of Lord Decies, to manage the bride's two-and-a-half-yard long train, weighted with embroidery of silver.

All of today there was a bustle of preparation at the home of George Gould on Fifth avenue, where the family of the bride, Miss Vivien Gould, were supervising the finishing touches of the wedding arrangements. Elaborate decorations were being put in place at the Gould residence and at the church, the altar was being banked with palms and ferns and the columns entwined with hanging vines and smiles. The general color scheme of the decorations both at church and home is white and green, the flowers forming the main features of the embellishment to be lilies and marguerites.

No expense has been spared in making the arrangements, and it will, undoubtedly, be the most lavish affair of the kind that New York society has ever witnessed, with the exception, perhaps, of the wedding of Miss Marjorie Gould, the bride's elder sister, which took place two months ago, and which set a new high-water mark for expenditure in gifts and preparations. Miss Decies's gift alone reached the enormous total of \$1,000,000.

Preceding the ceremony Miss Gould will give a luncheon to her maid of honor, Miss Edith Gould, and her six bridesmaids, Miss Beatrice Clafin, daughter of Mr. and Mrs. John Clafin, Miss Hope Hamilton, cousin of the bride, Miss Louise Cromwell, of Washington; Miss Hannah Randolph, of Philadelphia; Miss Allison Pierce, daughter of Mr. and Mrs. W. S. Pierce, and Miss Emeline Holmes.

LORD GRAHAM BEST MAN.

Lord Alistair Graham, son of the Duke of Montrose, and cousin to Lord Decies, will act as best man, and serving as usher will be the star, Percy, Lord Camrose, Robin Grey, Phoenix Ingraham, Moncreuf Robinson, Robert H. Russell, Anthony J. Drexel Jr., and Francis W. Crownshield. A magnificent reception will be held at the Gould mansion on Fifth avenue after the church service, to which all the guests have been invited. The great house has been decorated from top to bottom at an enormous expenditure.

The bride and bridegroom will go to California on the honeymoon trip, and then start for London, where Decies has taken a house for the season. As the groom is a peer of Great Britain, his bride will be a peeress in her own right. He paid a great deal of attention to the planning of this American wedding, and the United States several months after the wedding had elapsed.

Last November he revisited this country to take part in the horse show, and

600 REBELS ARE NEAR SAN DIEGO

Insurrectos Said to Be Moving Toward the Border Line.

SAN DIEGO, Feb. 6.—Persistent reports that the band of Mexican rebels near Campo, 41 miles southeast of here, numbers 600 men and that Governor Yegor, of Lower California, with 150 troops and 50 volunteers, had moved east from Tecate, were received in San Diego this morning.

The estimates of the exact number of men in the band are conflicting, but the real number is believed to be 150. The rebels between Campo and Tecate are in bad condition, and slow progress will be made by both forces.

ANDERSON'S REBELS IN SUCCESSOR IS NAMED

W. R. Williams Is Named by Governor to Superintend State Banks

Bill to Depose Incumbent Is Passed and Appointment Made Immediately

SACRAMENTO, Feb. 6.—Governor Johnson today named State Treasurer W. R. Williams to succeed Alden Anderson as superintendent of banks. The bill already passed, under which it was possible to depose Anderson, was signed by the Governor at 10 a. m., and the appointment was announced later.

In making the appointment the Governor said: "I name Mr. Williams because he has more fitted ability and experience in this line than any other man in the State. He owes allegiance to no man or interest. He will serve not only bank owners, but their depositors."

BEGAN IMMEDIATELY.

Governor Johnson's movement against Alden Anderson and some other men whose appointments were announced by Governor Gillett in the closing hours of his administration began directly after the inaugural ceremonies when the new Governor issued a statement declaring Gillett's appointments to have been illegal. The Governor has held that Anderson might have been ousted by recourse to the courts, but that this method was not suited to the dignity of the exalted office.

A bill, therefore, was introduced making tenure of the office of superintendent of banks at the pleasure of the Governor instead of for four years as at present. This is the bill signed today, and under it the new appointment is made.

AFTER TWO MORE SCALPS.

Another bill now pending provides for consolidation of the building and loan commission with the state banking department. This would have the effect of abolishing the two commissions which are held by Jacob Transue and Charles F. Curry, former Secretary of State, both appointed by Governor Gillett when the Anderson appointment was announced. The office of superintendent of banks carries a salary of \$10,000 per year. The building and loan commissioners receive \$3000 each.

WILLIAMS' RECORD.

Williams is 41 years old and comes from Fresno county. He was born in Gold Hill, Nevada, and came to California when 9 years old. He was in the drug business for a time and later became an accountant. From 1895 to 1898, inclusive, he was deputy county clerk of Fresno county. From 1898 to 1901 he was associated with the California Raisin Growers' Association. He has been serving his second term as State Treasurer. His successor probably will be named this afternoon.

Arkansas Solon Arraigns Newspaperman in House

WASHINGTON, Feb. 6.—A remarkable scene occurred in the House today when Mr. Nixon of Arkansas, on motion of privilege, arraigned newspaper men who, he claimed, sought to intimidate him, and dramatically asked what protection members of Congress had. The incident had its origin in a passage of a bill between the Arkansas member

and a newspaper correspondent whom he had denounced. The House adopted a resolution offered by Mr. Gardner of Massachusetts, providing for a full investigation of the incident by a subcommittee of the judiciary committee, empowered to summon and examine witnesses under oath and to report by February 18.

Deputy Sheriffs on Way to Quell Riot in Coal Field

SALT LAKE CITY, Feb. 6.—In response to a call for police assistance a special train carrying fifty police and deputy sheriffs left this city at noon for Kentworth, a coal mining district 150 miles south, near Helper, on the Rio Grand railroad. A riot is reported to be in progress at the Independent Coal Company's mine in which one man has been killed.

The laborers at the mine, principally Greeks and Japanese, have been on strike and it is presumed that this is the cause of the trouble.

Bandits Blow Bank Safe; Hold Citizens at Bay

LINWOOD, Kas., Feb. 6.—Three robbers blew open the safe of the Linwood State Bank early today, secured \$1500 in silver and currency and escaped. Three hundred and fifty dollars in gold was overlooked. The explosion aroused the citizens of

the town, who rushed to the bank, but were held at bay by two men on the outside while their companion inside emptied the safe.

With drawn revolvers the three retreating robbers fired shots at the town when they disappeared. A posse has started in pursuit.

The first list of candidates appeared Sunday. Perhaps you are wondering why we keep urging you to send in your nomination without delay when as yet the first list has just been printed. You may be sure that every bit of advice we give candidates is for their benefit, and our wish that you should make a prompt appearance before the public is prompted by our desire that you should not miss a single subscription.

Our Interest Is Yours.

It is well that you should understand from the start that our interests and yours are necessarily identical. What you are after is subscribers; so are we. If we can by any means help you to secure these we are just as much benefited as you. Should you fail the loss is ours as well as yours in each case.

Self-interest alone would compel us to give every candidate the best assistance and advice possible. We shall do so. Besides this we can't help taking a personal interest in those who for several weeks are going to work with and for us, and whom we are going to reward with such splendid prizes.

Every Day a Good Day.

"Another bad day!" That is what is heard at many a breakfast table just now. Well, the sun is going to shine presently, and meantime there are NO BAD DAYS for a sensible candidate. Every day is a GOOD DAY FOR VOTE GETTING. If the weather is rainy you will find your friends in—it is harder for them to get out. If the day is fair—it is easier for you to get out to see them. And there you are. Votes grow in the rain and the sunshine alike. Get out and gather them.

See how many people you can interest in your campaign today. Ask them for a subscription before someone else does. It's lots of fun to get there first.

What THE TRIBUNE wants is bright, lively candidates, people who know what they are worth and count on making it tell in their efforts to win a prize. Such people are going to be very happy at the end of a few short weeks. You can be among them if you try.

There are two important points for a candidate to keep always in mind. First, that you have just as much ability to win as the next man. This will serve to give you the necessary self-confidence. Second, remember that you are not the only energetic candidate, and that the prizes are of such value that the best candidates are certainly going to exert themselves to win them. This will prevent your yielding to indolence and so missing your aim by a little inactivity which you would always regret.

Take Time by the Forelock.

Make your motto for the next few weeks "Do It Now." Better that you should hear a friend say, "You will have to wait a few days for that subscription," than to be met with, "Why didn't you ask me yesterday? I've just given my subscription to some other candidate."

Another point to observe is that the more people you can get to help you the better for you. Naturally the work you do for yourself will amount to the most, but you have several friends who will be glad to carry a receipt book constantly with them and to try to interest all whom they meet in your campaign.

If a few friends get you one subscription daily think what a boost that would give you vote.

Candidates Interested in Offer.

The offer of 50,000 extra votes to be given on the first \$30.00 worth of subscriptions turned in by any candidate, is proving very interesting. To him that hath shall be given. The more you secure the more you get. It comes like money from home to win these 50,000 extra votes.

See how soon you can do so. It really does not take many subscriptions to mount up to \$30.00. When you come within one or two of it you have a splendid talking point on which to win the few necessary to complete the amount. Most people will want to give you "just the one more" which you need to make such a big gain. They will really feel that their subscription is the one that gives you the 50,000 extra votes. Now do be bright and active in this matter. You have no idea what a difference it will make in your whole outlook when you can put yourself on the head and say, "Well, at any rate, I've made a dandy START for that Touring Car."

Well Begun Half Done.

When you have won these extra votes we say that your campaign is well begun, and therefore half done. Not, of course, in a literal sense, meaning that you have half enough votes to win, for no one can possibly tell how many votes will be necessary to get ahead of the next to the highest candidate, but "half done" in the sense that you have overcome all the initial difficulties. That you have proved to yourself your capacity for success. That you have convinced your friends that you are a candidate worth helping. All the rest is simply a matter of keeping up the good work.

Keep your nerve, keep your good cheer and your energy and you will come out ALL RIGHT in the end.

Price and Vote Value of Subscriptions.

| | Price. | New Subscribers. | Old Subscribers. |
|--------------|---------|------------------|------------------|
| Three months | \$ 1.95 | 500 votes | 250 votes |
| Six months | \$ 3.90 | 1,200 votes | 600 votes |
| One year | \$ 7.80 | 4,000 votes | 2,000 votes |
| Two years | \$15.60 | 10,000 votes | 5,000 votes |
| Three years | \$23.40 | 20,000 votes | 10,000 votes |
| Five years | \$39.00 | 40,000 votes | 20,000 votes |

A change of name at the same address or a change of address by anyone who was a subscriber to THE TRIBUNE on January 25 will not be considered a new subscriber in issuing votes.

DILL TO RETURN IN FUNNIEST OF ALL HIS PLAYS

PEARL SINDELAR coming in "The Girl in the Taxi" at the Macdonough.

At the Macdonough Theater on Wednesday, Max Dill, formerly of the team of Kolb and Dill, will be seen in his most successful musical comedy triumph, "Lonesome Town." His engagement is limited to five nights and a Saturday matinee.

No comedian of Tivoli's persuasion on the American stage today has the following possessed by Dill. By the majority of critics he has been acclaimed the greatest comedian of German musical comedy roles. His style is essentially distinctive. He does strain to score laughs. He is hilariously funny through the use of quiet, expressive methods. His recent is delicious and exaggerated; his short choppy gestures bring a laugh by their admirably simulated awkwardness, his famous go-go-go are wonderfully expressive.

OAKLAND GIRL RETURNS.

URGE SERRA BUST IN HALL OF FAME

Members of State Legislature Get Appeal From Congressman Kahn.

WASHINGTON, Feb. 6.—Congressman Julius Kahn has sent an appeal to the leading members of the California state legislature to use their utmost endeavors to have a sufficient sum set aside at this session to erect a statue of Father Junipero Serra in Statuary Hall in the capital of the nation.

"There have been many additions to the gallery of notables in Statuary Hall during the last year," said Kahn, "but California is still unrepresented. The eyes of the world will be riveted on our state more than ever by reason of our victory of last Tuesday."

"When strangers visit the Capitol and enter the old hall of the House of Representatives they will naturally ask where stands California's contribution to the men who helped build up the nation. It is time we took the initiative, and this session of the legislature should at least make appropriation for a statue to grace the Hall of Fame."

"It seems singularly appropriate that this statue of Father Serra should be selected as one of the two men that will represent California. He blazed the way for civilization on the Pacific coast. The intensions of our state are an everlasting monument to his energy and courage. The selection of Father Serra is not a matter of religion, nor of politics. It is simply a recognition of a man who was a pioneer long before the Argonauts of 1849 set their faces toward the land of the setting sun."

CATCH VIOLIN THIEVES.
SACRAMENTO, Feb. 6.—The theft of a \$75 violin from the private car of H. W. Sheridan, division superintendent of the Southern Pacific, followed by two musically inclined negroes, James Smith and David Cook, was followed by their capture by Detectives Biggs and Ryan. They have been consigned with five burglaries. A confession by Cook is supported by the capture of jewelry and clothing in their possession.

LIVE SAVED AT DEATH'S DOOR.
"I never felt so near my grave," writes W. R. Patterson of Wellington, Texas, as when a frightful cough and lung trouble pulled me down to the point of death. Doctor's treatment for two years. My father, mother and two sisters died of consumption. I am alive today is due solely to Dr. King's New Discovery, which completely cured me. Now I weigh 137 pounds and have been well and strong for years. Quick, safe, sure, it's the best remedy on earth for coughs, colds, influenza, asthma, croup, and throat and lung troubles. 50c and \$1.00 trial bottle free. Guaranteed by Osgood Bros.

seen in Oakland, is returning to the city of her birth and at the head of "The Girl in the Taxi" company to be seen at the Macdonough Theater on one week beginning Monday, February 13. Miss Sindelar has never appeared professionally in her home city, but has gained a favorite in the social world. Miss Sindelar was educated at Smith's Seminary and shortly after leaving the school, she took up the professional career. Crossing to San Francisco, she secured an engagement with one of the large stock companies and her success was instantaneous.

Although it was necessary for her to begin at the bottom, it was not long before she was playing the leads in her company. She later went East and appeared in quite a number of the large stock organizations. In Cincinnati, Queen New York City and also with the Davidson Stock Company in Milwaukee, has the young actress appeared.

ELUDED POLICE FOR TEN YEARS

"Tired of Dodging Cops" Man Wanted for Murder Gave Himself Up.

NEW YORK, Feb. 6.—A young man is under arrest here who says he is King McNamara, wanted in Lexington, Ky., for murder. He walked into a police station and gave himself up. "There is a reward out for me," he told the sergeant, "and I'm tired of dodging cops." He added that he had killed a man in Lexington, Ky., a dozen years ago, and wanted to be sent back. While the man was he killed he did not know, but he shot him in a quarrel, he said, and thought it was about time he was brought to court for it.

COLD-BLOODED MURDER.

LEXINGTON, Ky., Feb. 6.—A more recent case is said to have caused the killing here in February, 1899, of Jacob Keller by King McNamara, who gave himself up in New York yesterday. Keller accidentally killed McNamara on a crowded street, it is said, and without an exchange of words between the two men McNamara is alleged to have shot Keller to death. McNamara was arrested and released on bond and disappeared. Rewards aggregating \$3000 were offered for his capture.

FAMILY WITH RECORD.

McNamara came from a family several of whom met violent deaths. His father, "Red" McNamara, received knife wounds in a fight with a man, which he subsequently died. Tom McNamara, a brother, killed a man here but was acquitted, and shortly afterward was himself killed. Another brother, Jack McNamara, was killed in a fight about ten years ago. Many of the witnesses against King McNamara, however, have either moved away or died.

GUNBOAT MARIETTA FREE OF DISEASE

ON BOARD UNITED STATES GUNBOAT MARIETTA (by wireless, via Key West, Fla.), Feb. 6.—That there is no yellow fever aboard this gunboat was asserted positively by Joseph Y. Porter, superintendent of the State Board of Health and port quarantine officer at Key West, who visited this ship this morning and made a careful diagnosis of the suspected cases.

The quarantine officer assured Commander Cooper that the suspected cases were malarial fever only, and after an examination of the fever chart of Coxswain J. H. Miner, who died aboard the ship last Sunday at Puerto Coriza, stated that while the chart was typical of yellow fever, the case could have been one of other fever.

Doctor Porter informed Commander Cooper that he could haul down the quarantine flag and anchor at Key West. The ship's officers he said, might go ashore. The ship still is in quarantine, however. Many bluejackets have received wireless messages from friends and relatives inquiring as to conditions.

URBANITES WILL GIVE GRANGERS SOME POINTERS

CHICAGO, Feb. 6.—Fourteen large cities of the country will be represented in the annual meeting of the council of North American Grain Exchanges, which opens today and continues until Wednesday.

The chief subject before the meeting will be the method of improving and increasing grain crops, with the hope of combining commercial interests with the agricultural needs of the farmers. Educational tours have been operated in different sections of the country for several years, but the leaders of the council hope to devise ways and means of covering all the railroads with this sort of missionary work.

FETE FOUNDING OF 'OREGONIAN'

Prominent Portlanders and Editors Gather at the Banquet Board.

PORTLAND, Ore., Feb. 6.—The semi-centennial of the founding of the Morning Oregonian by Henry L. Pittock was celebrated at a banquet in honor of the veteran publisher at the Portland Commercial Club yesterday. There were gathered at the table the 400 employees of the paper, many ex-employees and a number of invited guests. Mr. Pittock, in responding to the presentation to him of a large loving cup, took occasion to eulogize in a feeling manner his almost life-long partner, the late Colonel Harvey W. Scott.

The guests included Alfred Holman of San Francisco, editor of the Argonaut and former assistant editor of the Oregonian, who journeyed from California to be present.

OBSERVE GREELEY'S BIRTHDAY.

CHICAGO, Feb. 6.—The centenary of the birth of Horace Greeley was made the occasion of special addresses by ministers in various Chicago pulpits last night at the Crawford Congregational church. Dr. Clarence Greeley, son of the only brother of the editor, spoke on "Hermes Greeley as a Prophet."

SHOT SWEETHEART AND HIMSELF

Tragedy Followed Refusal of Woman to Marry a Seattle Man.

SEATTLE, Wash., Feb. 6.—Miss Garna Gillett, 23 years old, was shot and killed last night by James Vlatkes, her sweetheart, in his apartment. After killing the young woman, Vlatkes shot himself in the head. He was taken to the Municipal Hospital, where he died early this morning. The shooting is said to have resulted from a quarrel following the refusal of Miss Gillett to marry Vlatkes. The young woman had been a member of a musical comedy company that had been playing several weeks at a local theater. Her mother lives in Tacoma.

INSANE MAN ABOARD.

SAN MATEO, Feb. 6.—An insane man running in the hills back of Hillsborough frightened residents of that vicinity. Members of the county poorfarm saw him leaping through the underbrush. Frequent reports have come here regarding the strange man, but until today no one could accurately describe the man. It is thought he may be a carpenter who became insane and disappeared from here several years ago.

The formal dedication of the new Masonic Temple in Alameda took place this afternoon. Preliminary steps for the consummation of the project were taken at a meeting held August 15, 1883, and the following were selected directors of the Masonic Hall Association: August Geyer, D. W. Martin, Henry Severing, D. J. Sullivan, W. A. L. Knowles, F. L. Perkins and A. V. Lancaster.

About 150 couples attended the ball given by the Fifth Regiment Infantry band last night. Captain John F. Adams presided by Captain A. L. Smith, acted as floor managers.

The great suit of the people of California on the relation of Edison P. Adams against the city of Oakland was decided at noon today by Judge Elworth, so holding that the Oakland commonly known as the annexed territory, comprising the greater part of Adams point, Vernon heights and other lands, is a part of the city of Oakland. The suit was brought by the city in 1883 under which annexation proceedings were held, is unconstitutional so far as it attempts to provide for the annexation of territory to a city.

Mr. Holcomb, who has been spoken of as being a candidate for mayor, says that he is for the Republican ticket.

George M. Pullman, president of the Pullman Car Company, arrived this city on the Southern Pacific Overland train last evening and was met by a large number of friends. His special car, the "P. P. C.", is one of the handsomest coaches in the country. It is finished in hard wood and elegantly decorated and painted.

The Grand Overland bus has been incorporated in San Francisco by W. D. Heywood, Franklin Heywood, S. H. Harmon, Charles L. Dingley, Jr. and H. A. Powell, nearly all of whom are Oakland men. The mail bus will be used in the city and in Modesto county to Point Arena and will have several branches.

Sherrif W. H. H. Hussey has appointed the following deputies (served without pay): M. K. Houghton, C. W. Vanhook, C. C. Colburn, J. C. Siebert, John Dugan, Newark; G. F. Kellogg, W. Z. Brown, A. F. Fanzo, W. F. Thomas, John Kimes, Blair Park, and W. C. Carlston and W. J. Ramage, Hayward.

The charity ball last evening was given for the purpose of raising \$600 to be used in fitting up the new quarters of the Woman's Exchange.

WARNS AGAINST
TONGUE'S SINS

Noted Paulist Priest Terms Unclean Words "Pitch That Defiles."

BERKELEY, Feb. 6.—Rev. Clarence E. Woodman, pastor of St. Paul's Catholic church in New York, and a famous Paulist lecturer, delivered a special sermon at the Newman club members and others yesterday morning. The importance of watchfulness in avoiding sins of the tongue was emphasized by the speaker. Dr. Woodman said in part:

"Our words are the apocalypse of our souls; and there is even a physical eternity for them. For as motion can never really cease, the vibrations of the ether caused by our words must go on and on, to the utmost limits of God's infinite creation. Every idle word that men shall speak they shall give an account for it in the day of judgment."

GUARD AGAINST IDLE WORDS.

"Among the idle words against which we should guard ourselves are untrue words, uncharitable words, profane words, immodest words. The first are mean, treacherous, cowardly. While we may pride ourselves upon never committing actual murder of the truth we often, it is to be feared, commit what we like to consider justifiable homicide upon it. We evade, we equivocate, we deceive. Our aim should be to tell the truth always, and the whole truth and nothing but the truth."

UNCHRISTIAN WORDS.

"Uncharitable words are far more common; in the form of literature, spite, malice, backbiting, calumny. Slender. They are not always merely malicious; they often come from an effort to seem 'funny,' to pass ourselves off as clever satirists of the follies of others. But they show an unchristian temper always."

SHOWS CHARACTER WEAKNESS.

"The use of profanity is either stupidity, pure and simple, or else a gross weakness of character, or an effort to make up for poverty of language and expression. Among Catholic Christians there should be such a deep reverence for sacred things and solemn truths, such humble and holy fear of God, as to make any lightness and flippancy of speech impossible."

UNCLEAN WORDS DEFILE.

"Unclean words are a pitch that defiles. They are perhaps the worst of all for they poison the mind in its innermost recesses. Holy Scripture compares them to 'raging waves, foaming out their own shame.' The troubled sea, when it cannot rest, whose waves cast up mire and dirt. If there is a sin that calls for the fiery sword of the angel of the gates of Paradise it is this sin of impure speech."

"May God teach us to so guard our tongues and number our days that we may apply our hearts to wisdom."

KEY ROUTE EXTENSION
TO ENTER RICHMOND

Cars of the United Properties Company will be run through to Richmond from this city within the next two weeks, according to an unofficial announcement made today. The means of step in the extension of the Key Route suburban system. The cars will be operated over the East Shore and Suburban, which road now connects with the Oakland Traction at the county line.

PROF. WILSON HAS BEEN
RETIRED FROM SERVICE

Professor A. M. Wilson, teacher of Latin history at the Fremont High School who retired last year, has been taken by Mrs. F. S. Rosier, wife of the principal of the institution. The students express much surprise and regret over Wilson's retirement, which is alleged to have been made without warning.

'HAREM' SKIRT AND CLASSIC
IN SLANG ORPHEUM WINNERS

MARIE STUART in "Cherie" at Oakland Orpheum.

(By LEO LEVY)

Unfolding, you, with a smile on her face, she wore it. It, or them, whatever you want to call it, or them. And braver than Nathan Hale she plunged into the glare of the footlights and regretted that she had but one life to give to Dame Fashion.

Miss Ramona Radcliffe did it, blazed the trail, as it were. She wore a "Harem" skirt yesterday, when she made her vaudeville debut at the Oakland Orpheum, and a good part of the city was there to see and oggle. And whether the thunderous applause was for Miss Radcliffe, her song or the bifurcations, has not yet been fathered.

All towns aside, Miss Radcliffe was well received. The audience demanded many encores and the Oakland girl was liberal. There were rough places and last-night nervousness, but those are due to be worn off before the week comes to a close. She sang several "story songs," "The Raggy Man" being far the best of what she did, despite Harem skirts and across-the-footlights flirtation. The latter has been worked to death and could be omitted without impairing the act.

"CHERIE" A WINNER.

"Cherie" George V. Hobart's classic, has lost nothing of its charm with the passing of a season, and Clayton White and Marie Stuart still handle its slang as it should be. "Cherie" is always new. It is one of those rare vaudeville things that you can see today and again tomorrow and be willing to listen the day after which is a fairly good argument for popularity.

Arthur Brant, Annie Nevada and the dog are exponents of the art of long training. Brant does not put the himself in a knot while executing a rapid-fire flip-flop, and his partner is a boneless person who "bends the crab" in a score of ways. The dog answered the encores.

all and put some trick canines you have seen to shame.

TUNEFUL QUARTET.

The Victoria Four, a tuneful outfit, are among the newcomers and bring songs you have never heard before and some you never care to hear again. Newton, Bennett and Wilber the trio to blame for "Casey Jones," also arrived yesterday. Not alone are they brave enough to advertise themselves as authors of Casey, but they put their head in the lion's mouth and sing it. Other than that they play on freak instruments and are entertaining enough.

Porter J. White, in "The Visitor," as hero for another week; Five Cycling Automatons continue to risk death on bicycles and Kennedy, DeMitt and Kennedy remain.

DOCTORS TO HEAR
LECTURE SERIES

Physicians of Three Counties Will Be Present at Meetings.

The first of a series of lectures to be given under the auspices of the Oakland College of Medicine and Surgery will be held tonight by Dr. Wm. Litch Cheney of San Francisco, at the College building, Thirty-first and Grove streets. Formal notices have been sent to the medical profession of Alameda, San Francisco and Contra Costa counties, inviting all titles and speakers for Tuesday evenings in February and March. These gentlemen have been chosen with special reference to their fitness and learning in the subjects presented, and each topic is of vital importance to the medical fraternity.

SCHEDULE.

The lecturers and topics are as follows:
February 6, Dr. Wm. Litch Cheney, "Diagnosing Ulcer."
February 13, Dr. F. M. Huntington, "Operation and Conservative Treatment of Tuberculosis Bones."
February 20, Dr. Henry J. Kreutzman, "Retro Displacements; Their Significance and Treatment."
February 27, Dr. Geo. H. Evans, "Some Chronic Non-Tuberculous Lung Infections."
March 6, Professor Ferdinand Lertay, "Latest Accomplishments in Radiography."
March 13, Dr. Herbert C. Moffitt, "Febrile."
March 20, Dr. Howard Morrow, "Lancet Demonstration of Sida Diseases."
March 27, Dr. Langley Foster, "Scientific Infant Feeding, with Some Important Departures Therefrom."
The lectures will begin promptly at 8 o'clock and will consume about an hour. The attendance is limited to regularly licensed physicians and students of medicine.

BURGLAR ENTERS HOME;
TAKES COIN AND CIGARS

Mrs. A. E. Dickinson's home at 659 Boulevard way was broken into last night by burglars who used a jimmy on the rear door. The thieves stole jewelry consisting of rings, chains, a brooch and stick pins. Two shops in Seventh street were entered by burglars last night. From Thomas Lee's store the thieves took \$30 from the cash drawer. John Harrington's cigar store was robbed of several boxes of cigars and cigarettes.

AMATEUR AVIATOR MAKES
NEW ALTITUDE RECORD

Clarence Walter, an amateur aviator, made a new record near East San Mateo in Curtiss biplane yesterday afternoon. He attained a height of 250 feet and an average speed of 50 miles an hour. He remained in the air ten minutes. Walter is the son of the late David Walker, president of the California Safe Deposit and Trust Company.

GRAND JURY MEETS
ON THE DALTON
PROPOSITION

Will Carefully Consider Request for Increase in Force and Salaries.

REPORT WILL BE MADE
TO THE LEGISLATURE

In Aggregate Assessor Wants Control of \$36,900 More of Expenditures.

Complying with a request made by the Alameda county legislative delegation, through District Attorney William H. Donahue, when he was in Sacramento the latter part of last week, the grand jury met at 10 o'clock, to investigate and report upon the recommendations that have been made by County Assessor Henry F. Dalton for legislation which, if enacted, would give him additional deputies, increase the salaries of his present office force and place him in charge of the map and books of the county, which have all years been an adjunct of the office of the county surveyor, together with a force of 12 deputies to do the clerical work upon them.

The new help that Assessor Dalton asks for is an assistant county assessor, at a salary of \$3,000 per annum; an assistant cashier, at \$1,500 a year, and seven additional outside deputies to be employed six months in the year, at a salary of \$150 a month each, or a total expenditure of \$6,900 a year.

The total increased expenditure for next year that the assessor asks for is \$11,100 per annum. To this is added \$2,800 a year to cover salary increases that have been recommended for the present office force, making the total increase that is asked for \$13,900 a year.

With reference to the transfer of the map and book books from the custody of the county surveyor to his office, Assessor Dalton asks for a head draftsman at \$2,100 a year; an assistant draftsman at \$1,500 a year, and ten draftsmen at a total of \$15,000 a year, making an aggregate of \$18,900 for this change.

Assessor Dalton informs the legislature that in 1910 he cost the county \$22,015 to keep up the map and book books under the supervision of the surveyor, his figures thus showing that if he got control of them he could make a saving of \$10,115 annually for the county.

Including additional office help, increase in salaries and the map and book proposition, Assessor Dalton wants the legislature to give him control of the expenditure of \$36,900 more a year in the administration of his office than he has had heretofore, and to increase the increased expenditure of \$13,988 \$5 per annum.

District Attorney Donahue said this forenoon that while he is not at liberty to discuss the matter in view of the grand jury investigation, he felt sure that the inquisitorial body would make a very thorough and searching inquiry into every feature of the assessor's recommendation before arriving at any conclusion that its report to the legislature will embody.

SAN FRANCISCO CHURCH
CALLS REV. GRESHAM

SAN JOSE, Feb. 6.—Rev. J. Wilmer Gresham, rector of Trinity Episcopal church here has announced to his congregation that he will leave for San Francisco next week for San Jose to resume his duties as Dean of Grace Cathedral.

Rev. Gresham was called to San Francisco several months ago to take charge of the Grace Cathedral congregation, but through trouble, which for a time appeared to be of a serious nature, he was obliged to abandon his intention of remaining in the metropolis and return to his Trinity. He has now fully recovered and is ready to return to San Francisco.

OLSON AND KAHLER
INQUESTS SATURDAY

ALAMEDA, Feb. 6.—The inquest of Miss Genevieve Olson, who died yesterday from a supposed self-inflicted bullet wound, will be held Saturday morning at 9 o'clock, when the branch morgue will be open to the public.

The inquest of Mrs. Charlotte Kahler, who was found dead at her home, 2217 Pacific avenue, Saturday morning from an assassination will also be held. In the absence of Coroner G. L. Tisdale, Justice E. E. Johnson will conduct the two inquests.

TALK ANNEXATION

Greater San Francisco Club Will Meet Tomorrow Night in Isle City.

ALAMEDA, Feb. 6.—A large attendance is expected at the meeting of the Greater San Francisco club, which will be held in Tucker Hall tomorrow evening for the purpose of discussing the issue of the annexation of Alameda and other east bay cities to San Francisco. Dr. F. W. D'Evelyn will preside. W. W. Cooley is secretary of the organization, which was formed many months ago to forward the project. That the residents of Alameda are more favorably disposed toward consolidation with San Francisco than they were when the issue was agitated about a year ago is evidenced by the interest that is being taken in tomorrow night's meeting. The winning of the Panama-Pacific exposition, it is thought, will help the cause of the larger sister city.

Delegates will be named tomorrow night who will go to Sacramento Wednesday, when the enabling act will be introduced before the House. Concerted lobbying on the part of delegates, it is hoped, will aid in the passage of the bill.

The consolidation of the cities on the bay region is the title of a pamphlet being circulated throughout the city by the Greater San Francisco club. The book contains special reference to San Francisco and the cities of the bay region.

Speeches will be made by prominent attorneys and citizens favoring the project at the mass meeting tomorrow night. Dr. D'Evelyn and W. W. Cooley will attend the anti-consolidation meeting in Oakland tonight.

STAGE EMPLOYEES
IN CONVENTION

Opened a Three-Day Session in Oakland Hotel This Morning.

The annual convention of the First District of the International Alliance of Theaters and Stage Employees of the United States and Canada commenced a three-day session at the Hotel Crellin in this city this morning. Over fifty delegates were in attendance from California, New Mexico, Nevada, Arizona and Colorado. The convention will remain until Tuesday and meetings will be held today, tomorrow and Wednesday at the Hotel Crellin, which has been chosen as the headquarters of the delegates.

The meeting this morning was devoted to the appointment of committees for the coming year. This afternoon will be given to an automobile ride about the country during which the delegates will view Oakland and its environment of foothills and harbor. Routine business will be attended to Tuesday and Wednesday.

Among the prominent members of the organization who have come to attend the meetings of the convention are Carl M. Taylor of Los Angeles, sixth vice president of the Alliance, who will preside at the convention, William H. Haycock, a well known business man of Sacramento, John E. McGinnis of Fresno; Charles E. Burgeon of Denver. Among the prominent local members are W. E. Patterson of Alameda, J. H. McGinnis of Stockton and A. C. Palm of Oakland, committee on resolutions. William H. Haycock of Sacramento is the secretary of the convention.

Arrangements for the affair have been made by John F. Kinley, president of the Oakland local of the organization, and W. F. Paul of Oakland, secretary of the branch in this city. The committee appointed this morning were W. E. Patterson of Fresno and Shelton McLean of Stockton, credential committee, F. E. Casey of Oakland, J. H. McGinnis of Stockton and A. C. Palm of Oakland, committee on resolutions. William H. Haycock of Sacramento is the secretary of the convention.

PLANS FUNCTION

MRS. HOWARD BAXTER, who will entertain for Miss Deane Tisdale.

ALAMEDA, Feb. 6.—Mrs. Howard Baxter is planning to entertain at an elaborate function for Miss Deane Tisdale, the fiancée of Edward Varney, who was one of Mrs. Baxter's bridesmaids when she became the bride of Howard Baxter a year ago.

Mrs. Baxter will be in the receiving line at the bridge afternoon to be given by Miss Helen Anthony in honor of Miss Tisdale. Miss Ruth Tisdale, Mrs. Raymond Snowden, Mrs. Charles Lewis and Mrs. E. H. Richardson will also assist Miss Anthony in receiving Miss Anthony has sent out cards for the afternoon of Tuesday, February 21. Yellow and green will be used in effective decoration in the spacious Anthony home.

ARCHIE RICE IS
GRANTED A DIVORCE

Superior Judge John Elsworth this afternoon granted an interlocutory decree of divorce to Archie Rice of Berkeley, from Isabelle Chaplin Rice, on the ground of extreme cruelty. Rice gets the community property, which consists of a new home in North Berkeley, and the custody of the baby girl. He is a member of Stanford's first graduating class and is a well known newspaper man.

Mrs. Rice was formerly Miss Chaplin of Red Bluffs, daughter of the late George Chaplin, a California pioneer, who for many years was a partner of Leland Stanford in farming ventures.

When her father died several years ago her share of the estate amounted to about \$50,000.

Last October Rice caused the arrest of William T. Cornwell, a florist doing business at the corner of Powell and O'Farrell streets in San Francisco, because of his alleged attentions to Mrs. Rice. The case never came to trial, but immediately afterwards Rice brought his suit for divorce.

THREE MAYORALTY
CANDIDATES OUT

Judge A. F. St. Sure Declines to Be Aspirant for Chief Executive.

ALAMEDA, Feb. 6.—Judge A. F. St. Sure, though approached by the opposition party to Mayor W. H. Noy, and urged to declare himself a candidate for the mayoralty, stated today that he would not consider such a proposition. "I am a strong Noy supporter," he said, "and I think that the entire vote of the city should be cast for him. His administration in the last two years should be so rewarded. The city should express its gratitude to him for his past services in this way."

Mayor Noy, C. H. Fox and Alexander Mackie are the candidates now in the running. The Lincoln-Roosevelt League has been trying to find a bulwark of strength to run against these three candidates, none of whom have the concerted support of the insurgent party, but its efforts thus far have been futile.

CAMPUS HAS A LARGE
POPULATION OF BIRDS

UNIVERSITY OF CALIFORNIA, Feb. 6.—In a circular just issued Joseph Grinnell, director of the California Museum of Vertebrate Zoology, estimates the total bird population of the campus proper, with the watershed to the east, approximately 530 acres, at 10,000 individual birds. The writer gives a list of those birds only, which have been seen, recognized by himself. This pamphlet proves that the idea which prevails that there are many birds in this vicinity is unfounded.

Grinnell also states that an expedition is being formed to go to the San Joaquin valley some time in March for the purpose of collecting mammals for the University Museum. Later in the year parties will be formed to go to the Whitney region and into the Trinity mountains.

WILL DISCUSS SCHOOL
BONDS AND FINANCE

BERKELEY, Feb. 6.—The regular meeting of the City Club at Unity Hall, Bancroft way, near Dana street, tomorrow evening, the subject will be the school Bonds and School Finance. The address will be given by Frank F. Bunker, superintendent of schools, and the discussion will be opened by Roy J. Young, president of the board of education, and A. A. Berry, commissioner of finance.

SERIOUS OFFENSE CHARGED.

ALAMEDA, Feb. 6.—Charles Miller, a Greek peanut vendor who operates a peanut cart at the corner of Santa Clara avenue and Park street, is under arrest on a felony charge, his alleged victim being ten-year-old Arthur Olson. Fred Olson, a brother of the boy, swore to the complaint. Miller denies the charge, strongly and claims that presents he made the boy, including the gift of a watch, were in payment for the boy guarding the peanut stand during odd moments while the owner was away at meals and on business errands.

Alameda Personals

ALAMEDA, Feb. 6.—Mrs. Alan G. Olson will be the house guest of Mrs. Pierce of Los Gatos for a few days.
Mrs. George Murdoch of Alameda avenue who has been seriously ill for the last few weeks is much improved though still in a serious condition.
Miss Helen Anthony has sent out cards for a bridge afternoon to be given in honor of Miss Deane Tisdale on the afternoon of February 21.
Mrs. Duncan Gatewood left Saturday with her son Richard Duncan Gatewood for Mrs. Lewis.
Miss Louise Countess of Chicago who has been visiting Mr. and Mrs. George W. Elsworth has left for Stanford where she will spend the week with Miss Marjorie Emmerson.
Mrs. Charles Lewis will entertain for Miss Deane Tisdale, the fiancée of Edward Varney, on Monday, February 13. Mrs. Bert Scott will make Miss Tisdale the hostess at an informal afternoon tea on Wednesday, February 8.
Miss Mary Boland, the daughter of Mrs. Patrick Boland of Los Angeles is the guest of Mrs. Charles Foster at her home on Grand street. Miss Boland has been a guest of her aunt, Mrs. Oscar Sisto in Piedmont for a few days.

Beware of Tight Coughs, Precedes Pneumonia.

Home-Made Syrup Loosens.

You can make a simple laxative cough syrup which will loosen the tightest cough in one hour and cure any cough or cold in a very short time. Here is the formula:

Essence mentha-lavender... 2 1/2 Ozs.
Granulated sugar syrup... 1 1/2 Ozs.

Make the syrup by using a pint of granulated sugar and half a pint of boiling water. Mix, stir and let cool. Then go to the drug store and buy a 2 oz. package of Essence Mentha-Lavender (concentrated), empty it into a pint bottle and fill up with the syrup.

A teaspoonful every hour or two as needed and you will soon be entirely rid of your cough and cold. This relieves and cures colds, coughs, whooping cough, croup, etc., and it is just fine for children. They like the taste so well.

Compared with labeled cough preparations, you'll save \$3 or \$4. Get a bottle of this home-made, or harmful constipating mixtures.

LEGISLATIVE NOTES

OPPOSITION IS EXPECTED to a measure dealing with the law of eminent domain which was introduced in the Assembly last week by H. N. Beatty of San Francisco at the request of H. F. Trevelyan. The bill provides that at any time within thirty days after the judgment becomes final the plaintiff, if it does not desire to acquire the property at the sum assessed, may file in court an abandonment of the proceedings and a dismissal of the case.

FOR YOUNG LAWYERS—Milton Schmidt by request will introduce a bill to permit graduates of the Young Men's Christian Association to practice law without having to take an examination before the appellate court.

LOAN AGENTS—Loan agents are to be held to a strict accounting if a bill that is being drafted in accordance with the views of the San Francisco Labor Council becomes a law. It is the purpose of the bill to require all money lenders exacting more than 10 per cent to report their transactions to the State Superintendent of Banking and to secure from him a license to conduct their business.

UTILITIES COMMISSION—The Los Angeles delegation in the Assembly has raised objections to W. A. Sutherland's bill and constitutional amendment to create a public utilities commission and to abolish the railroad commission.

STATE PENSIONS—State pensions for the relief of soldiers, sailors and marines who served in the civil war are being introduced in the Assembly.

WIFE GOT TIP-TOE ADVICE.

"My wife wanted me to take my boy to the doctor to cure an ugly boil," writes a Frankfort, Ark. letter. "I said 'Put Buckner's Ointment on it, and it will cure it, and it cured the boil in a short time.'"

POLICE HAVE NO PART AT FUNERAL OF SOCIALIST

BERLIN, Feb. 6.—Deputations from all parts of Germany and from many foreign organizations, more than 12,000 persons took part yesterday in the procession at the funeral of Paul Singer, the Socialist deputy, whose death occurred January 31.

The police did not in full force, but perfect order prevailed.

WHY I LOST MY JOB

Reasons Why Thousands Like Me Cannot Satisfy Their Employers.

"I believe my fate is not unlike that of thousands of other workers who daily lose their places for reasons they do not know, and probably would not believe. Wherever I go, I am never satisfied. I am always coming along, it is usually, 'Your services no longer required.'"

The truth was known, the reason for their unemployment was that they were not healthy. They were suffering from indigestion, constipation, and general ill-health. These things, as we all know, are the most fruitful causes of failure in the most fruitful careers of life.

The battle of Waterloo was won because of a headache. In this quick war our minds must be clear, rapid, active and free from any influence or worry, or else we go down. We go from one place of employment to another, giving no satisfaction to ourselves, and constantly growing older and less useful, with no ambition, no will power, and no hope.

Every man requires from every other man the best that is in him. But no man can use or get the best that is in himself until he is first free from all fruitful indispositions and worries. That was my trouble. I was full of troubles. That's why I lost my job. My stomach in the first place was not always out of order, and I was worrying about it and my mind grew cloudy, and slow. I made mistakes, and grew grouchy. That was the end.

There are thousands like me, going about with "quick lunch" faces, dyspeptic, nervous, and repulsive mannerisms. No employer wants such men's services.

LEGISLATORS FACE BUSY WEEK

PLAN DRASTIC CHANGES IN COUNTY GOVERNMENT

SOLOMON WOULD DISTRIBUTE POWER

Right of Sections to Adopt Own Charters Provided for in Measures.

Hurd Has Plan to Control Physicians and Practice in State.

SACRAMENTO, Feb. 6.—Methods of county government are revolutionized by a constitutional amendment to be presented probably today in the upper house of the Legislature by Senator Hurd of Los Angeles, chairman of the Senate committee on county government.

The amendment will be followed by the new county appointment bill, and articles in the constitution in the State which are to take advantage of the provisions if it becomes a law. It was a party plank in the Republican platform at the fall elections.

It is in the amendment points to county self-government and everything hinges on the proposed right of counties to adopt their own charters.

RAISING SALARIES.

"If it is desired to raise the salary of a stenographer in Stockton county, for instance, a legislative act is required," explained Senator Hurd. "Every ten years the legislature has to re-consider the salaries of every two years in addition to a mass of bills, of no interest except in the counties affected impedes the course of the Legislature, hindering more important work. Besides, the counties should have the right to adjust these matters themselves."

Entire discrimination in making charters, such as is conceded to cities, is not allowed under the amendment, because, in the opinion of its framers, a certain amount of uniformity among counties should prevail. For this reason, each county will have an elective board of supervisors to consist of not less than three members and as many more as their charter may authorize.

CHARTER'S POWERS.

To the board, in turn, is delegated such powers as the charter may confer, always under the general laws of the State, just as some State laws are subject to laws of the federal government. The boards shall provide for the election of district attorneys, auditors, assessors and county superintendents of schools, and a board of county officers, except that, whenever by constitutional amendment the office of superintendent of schools becomes appointive, the charter may provide for its election by the board of supervisors, county clerks and all other officers shall be elected or appointed as the charter may prescribe. The counties may create such offices as they may deem necessary, may authorize the boards of supervisors to determine by order the number of assistants, clerks and attaches of every county office.

The election of a board of supervisors will, for the first time, Los Angeles county standing as the county of the first class and San Francisco county of the second class.

The present system of elected boards of supervisors has been reversed. No class contains more than one county. Among the larger counties, Alameda and Santa Clara remain third and fourth respectively. Fresno is designated fifth, Sacramento from fifth to sixth, San Diego rises from ninth to seventh, San Bernardino from tenth to eighth, San Joaquin descends from eighth to ninth, and Sonoma from ninth to tenth.

The present system of elected examination is conspicuously altered by a bill which Senator Hurd promises to introduce and which will be introduced in the Legislature since it began. The text of the bill was completed last today.

ELEVEN ON BOARD.

The bill provides for a board of eleven members to be appointed by the Governor, seven of whom shall be elected by the people, two by the Legislature and two by the Governor. No one connected with any medical school may be appointed. The term of appointment is two years, with the exception of those who are appointed to fill the place of a deceased or resigning member. The board may remove any appointee for neglect of duty, incompetency or unprofessional or dishonorable conduct. The Governor has neither the power of appointment or removal at present.

IN CASE OF FAILURE.

If an applicant fails in one study, he will be re-examined in it, without re-examination in those studies in which he was successful. Examinations are to be by numbers, the names of applicants being unknown to the board. The two later conditions are expected to insure a better chance for applicants than now exists. In the opinion of Senator Hurd and the advocates of the bill, the State is taken care of in a bill providing that medical certificates of other States or equivalent medical tests shall be accepted without examination upon payment of a fee of \$50.

EARTHQUAKES LESSEN.

MANILA, Feb. 6.—The earthquake shocks are rapidly decreasing, only fifteen of minor degrees have occurred during the last twenty-four hours. In all there has been a total of 64 shocks. The observatory is hopeful that the destructive period of the eruption of the Taal volcano is ending.

REVENUE BILL IS READY FOR SENATE

Senator Curtin Ends Work on Preparation of Taxation Measure.

SACRAMENTO, Feb. 6.—Work on the revenue and taxation bill, which has been going on steadily since the adoption of senate constitutional amendment last November, has at last been completed. Senator John B. Curtin, chairman of the special committee which had charge of the bill, today announced that the bill is ready for introduction in the Senate.

The bill is a measure of considerable importance, and its introduction is expected to mark a new era in the history of the State's revenue system. The bill provides for a comprehensive system of taxation, including a new system of property taxes, a new system of income taxes, and a new system of excise taxes.

The bill is expected to be introduced in the Senate within a few days, and its passage is expected to be a matter of course. The bill is expected to be a landmark measure, and its passage is expected to mark a new era in the history of the State's revenue system.

LOCAL OPTION DUE FOR A CLOSE CALL

SACRAMENTO, Feb. 6.—The interest of the Senate is centered upon the local option measure of Assemblyman Wyllie, which will come before that body for action this week. Although it is believed that the bill will pass, there are several Senators who say that it will be defeated by a small margin. A forecast, eliminating the doubtful votes, places the following 19 Senators in favor of the bill: Avey, Bell, Black, Boynton, Campbell, Cartwright, Cutler, Estabrook, Gaten, Hurd, Holman, Hurd, Larkins, Roschery, Rush, Stearns, Thompson, Tyrrell, Walker. Senator Juilliard has made the statement that he will not vote for the measure unless certain amendments are adopted. Senator Strobridge has said that his district is about evenly divided on the question. It is believed that his vote will be one of the necessary 21.

POET RILEY NEAR DEATH IN INDIANA

LEXINGTON, Ky., Feb. 6.—News has reached here of the dangerous condition of James Whitcomb Riley at his home in Indianapolis. Riley was visited a few days ago by a Kentucky author, who says he is more dead than alive, scarcely realizing anything that is going on about him. The famous poet suffered a second stroke of paralysis a few weeks ago, and since has been growing steadily worse. Few persons are allowed to see him.

BOXING BILLS TO GET PUBLIC HEARING

Several Proponents of Anti-Fight Measure to Argue Before Committee.

Recall of Judiciary Looked on With Disfavor by Both Houses.

SACRAMENTO, Feb. 6.—Members of the Public Morals committee of the Assembly are not yet satisfied regarding the prize-fight question and want more light upon it. Already they have heard several arguments on the matter, but in order that one bill, to embody the "reasonable features" of all the bills relating to boxing matches so far introduced, may be returned to the Assembly, it is deemed advisable that the proponents and opponents of all of the bills appear before the committee to give their views.

The night of Tuesday, February 14, had been selected by Chairman Cronin of the committee for the public hearing, which will probably be held on the floor of the Assembly.

It is very probable that neither the Hinchey boxing bill, nor the Rogers bill allowing six-round bouts, nor the Sbraga bill providing for a boxing commission will be reported out of the committee. It is instead a bill that will allow boxing matches of reasonable length under reasonable conditions and which will not allow the professional fighters to make a constitutional amendment for the recall will be submitted to the people by this Legislature. It is doubtful at present whether both houses will favor applying the recall to the judiciary, as indicated by Governor Johnson. A majority in each house is ready to follow the Governor's lead, but it takes a two-thirds vote to adopt a constitutional amendment and the legislation against the proposition appear to be quite numerous.

It is now suggested as a compromise that two amendments be submitted to the people, one for the recall of the judiciary and the other for the recall of all officers except judges. If this method is acceptable, a recall constitutional amendment for the judiciary, which has been introduced by Assemblyman Beatty of San Francisco, can be utilized in connection with the general recall amendment presented by Senator Gates.

Assemblyman Clyde Bishop of Santa Ana disputes the assertion that in such a case the recall of the judiciary is a Republican platform to vote for. He says that he is a Republican, but he is not a Republican legislator. He says that he is a Republican legislator, but he is not a Republican legislator. HELL GATE VS. GOLDEN GATE

Noted Eastern Statistician Predicts Pacific Coast Supremacy.

NEW YORK, Feb. 6.—That New York City has nearly reached its maximum of growth and will find its supremacy as the biggest city and the most important commercial center in the Western world threatened by competitors during the next thirty years, is the belief of Walter Laidlaw, secretary of the New York Federation of Christian Organizations, and a noted expert on the subject.

Dr. Laidlaw frankly says that as the present growth of the city in the next three decades and promises that in 1910 the population will not exceed 3,000,000.

In a long report on "New York's Future," Dr. Laidlaw notes that the two greatest causes of the city's rapid rise to prominence were the building of the Erie canal and immense immigration from Europe.

In the first place, Dr. Laidlaw sees a continuation in the decline in the share of New York in the foreign commerce of the nation. In the last thirty years it has fallen from 64.8 to 47.7.

COMPETITORS ARE MANY.
Canada is becoming an important competitor and other American ports are doing their best to overtake New York. Philadelphia and other city ports are formidable rivals.

The proposed inter-coastal canal, the development of Mississippi, the completion of the Panama canal and the favorable positions of cities to the south of New York to engage in trade with South America, will all tend to dwarf New York. Other factors are the decline of immigration, the diminishing export trade with Europe, the awakening of China and the increasing importance of Pacific commerce.

PACIFIC COAST A RIVAL.
The Pacific Coast, the statistician thinks, is bound to run the east hard for its present supremacy. "It is not unbelievable," said he, "in the light of present relations, that New York City may, within a half century, find itself outstripped by some of its energetic young rivals and in a fair way to become a way-station on the road to Baltimore, New Orleans, San Francisco or some other West Coast city."

Chamber of Commerce Thanks W. R. Hearst

SAN FRANCISCO, Feb. 6.—President Nelson of the Chamber of Commerce sent the following telegram to W. R. Hearst last evening:

To W. R. Hearst, New York: For splendid and efficient services which have been rendered in securing the Panama-Pacific International Exposition for San Francisco, the Chamber of Commerce of San Francisco extends to you and your family its warmest thanks. You have been a constant source of inspiration and encouragement to all who are engaged in the work of making history, and will fulfill all our great destiny completely.

WILLIAM MATSON, President.

HAPPY WOMEN

Plenty of Them in Oakland, and Good Reason for It.

Wouldn't any woman be happy, after years of backache suffering, days of misery, nights of unrest, the distress of urinary troubles, she finds relief and cure?

No reason why an Oakland reader should suffer in the face of evidence like this:

Mrs. N. B. Vail, 1015 Eighth street, Oakland, Cal., says: "I still remember Doan's Kidney Pills, as I know they are an excellent kidney remedy. The public statement I gave in their favor in August, 1907, still holds good and I gladly confirm every word of it. It was difficult for me to stoop on account of pain and stiffness in my loins. This trouble was particularly in evidence when I worked hard or caught cold. Seeing Doan's Kidney Pills highly recommended, I was led to give them a trial. They helped me promptly and I have had no need of kidney medicine since. I know that Doan's Kidney Pills can be depended upon to correct any disorder caused by the kidneys."

For sale by all dealers. Price 25 cents. Foster-McIlburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

BELLOWS LAUGHS AT JAPANESE WAR

Former United States Consul General Declares There Is No Chance of Struggle.

LOS ANGELES, Feb. 6.—"There will be no war with Japan," declared Edward C. Bellows, former United States consul general to Japan, in an address here.

Bellows said in part: "The report of Secretary Dickinson to Congress, the statement of Congressman Hall that the number of our field guns should be doubled, the reappearance of Hobson with his 'national council of defense' bill; the resolution of Congressmen McClachlan, declaring that 200,000 warriors could be landed in 30 days, to devastate our coast, isolate us from the east by blowing up our mountain passes, and, ever after, live peacefully and happily on our western frontier—these announcements, coupled with hostile press comments, have combined to produce another strong wave of unrest, whose currents serve only to excite suspicion and distrust of the motives of a peaceful and friendly neighbor."

At one time such a bellicose conclusion might have provoked war. Today the strong and growing sentiment for arbitration, the greatest comparative value set on the arts and occupations of peace, the commercial independence of nations, the better understanding which comes from travel and free intercourse, the increased cost of war and the greater destruction of life and property it entails, the growing public opinion, condemning governments for plunging into war without availing themselves of every amicable means of settlement, constitute a mighty barrier against the encroachment of the war spirit.

"In the case of Japan this is reinforced by her traditional friendship for America, by her absolute inability to bear the cost of such a struggle, by the task she has undertaken in Korea and Manchuria, by her shrewd knowledge of the extreme folly of leaving her own country exposed to the ravages of her old enemies, Russia and China, while her armies wage a hopeless war 6000 miles away."

PASTOR WANTS HIS \$15,000 SALARY CUT

NEW YORK, Feb. 6.—At the close of service at the Fifth Avenue Presbyterian Church, Cyrus B. Brown, clerk of the session, read a letter from Rev. J. J. Fowler of Chicago, who had accepted a call to the Fifth Avenue Presbyterian Church. The salary offered the minister is \$15,000. Dr. Fowler succeeds Rev. J. Brown, a call from the Brown Memorial Church in Baltimore. The letter concludes as follows:

"May I be allowed to add that I am sure I shall not need the large salary which you graciously offered me, and when I meet the officers of the church I shall seek their judgment as to what is the equivalent to the stipend I am receiving in my present charge. This will make me perfectly happy in my work."

OLD MAN LA GRIPPE

TAGS 600-COLLEGE MEN

MADISON, Wis., Feb. 6.—Six hundred cases of grippe have been reported to Dr. J. S. Evans, medical adviser for the University of Wisconsin, since January 1. The afflicted students have missed a total of 12,000 class hours.

The reason for the widespread of the disease is assigned by Dr. Evans to general laxity of care and to class-room conditions. The epidemic is now on the wane, he says.

Plan to Close Road Arouses Hayward

Deputy District Attorney Satterwhite's action that the Alameda county supervisors have the right to close the boulevard between Fruitvale and Hayward to the public without package tickets for the Panama-Pacific road, has aroused the residents of Hayward and vicinity.

Mr. Otto Emerson has issued letters denouncing the opinion and communications are being prepared to forward to the legislature.

"The supervisors' resolution closes the road to the public between the hours of 5 and 6 o'clock for the protection of the spectators and provides that all persons holding tickets to grandstand seats and packages along the course may go over the road."

"I first thought it was discrimination against the people without tickets," explained Satterwhite. "Under the resolution it seemed that they were denied the privilege of the county roads as against the people who held tickets. I thought the people who held tickets were being discriminated against, and therefore there can be no discrimination."

CONGRESS FACING MUCH HARD WORK

Lorimer Case and Canadian Reciprocity to Be Settled.

WASHINGTON, Feb. 6.—Congress worked under high tension last week and the prospects for the rest of the session do not promise many days barren of action. The situation is such that appropriation bills are in a hurry, but members of experience recall conditions equal to what were met without the necessity of extra sessions.

Most of the measures of an inflammatory character are pending in the senate and chief among them are the Lorimer case and the resolution looking to the election of senators by direct vote. The latter, as the result of a persistent fight by Borah, was advanced last week to the position of unfinished business.

Each is determined that there shall be a vote on his resolution in time to obtain consideration by the house. He will urge senators who oppose it to make them speeches early in the week. After waiting what he believes to be a reasonable time, he says, he will insist upon continuing the consideration until a vote is taken. The odds are that he has sufficient votes to carry out this program.

FILIBUSTER POSSIBLE.

The situation is extremely interesting. A large majority of the republicans oppose the direct election, but the progress of the situation by two or three votes. Several efforts were made by Borah to have a day fixed on which to take a vote, but they were defeated.

Legislation to put into force the Canadian reciprocity agreement probably will be greatly advanced.

The McCall bill on the subject may be reported out Friday and a vote to permit adoption of the measure without amendment will be brought in without delay. Many of those who oppose the resolution are of the opinion that the senate is not so favorable. The upper house would not be likely to permit the passage of such an important measure until opportunity was had for full debate.

SCIENCE'S CAUSE**

Engineer Starves Seeking to Generate Electricity Cheaply.

NEW YORK, Feb. 6.—The finding of three large pine cases containing mechanical apparatus in a storage warehouse led to the discovery that John Neely Langford, a fellow of the British Society of Engineers, and an inventor of note, well known throughout the world for his work in the field of civil and mining engineering, died here of starvation several months ago while seeking the secret of generating cheap electricity, which he believed would work against the polar systems of the world.

Langford is said to have spent \$100,000 in the work and whether he really discovered the secret he has never been known. His body was found in the contents of the three cases in the storage vault.

BURIED IN POTTER'S FIELD.
Langford died in the New York Hospital and was buried in the Potter's field. The finding of his body in the vault led to the discovery that he had been in the hospital for several months, and that he had been in the vault for several months.

PRETTY BAREFOOT DANCER COMES TO BELL THEATER

LA PETITE BELLE-MECLAIRE, the Maud Allen of Vaudeville, in "La Tragede de Egypte" at the Bell this week.

Since the introduction of dancing as a thing of art in American theaters, we have had no end of foreign artists who have brought to this country the traditions and the methods of the dancing of nearly every land. At the Bell this week there is a famous, La Petite Belle-Meclaire, of the French capital, as one of a girl, with the grace of a swan and the smile of a Diana and her vehicle, "La Tragede de Egypte," serves in the most charming way to portray her wonderful art. Complete her with the world famous baroque dancers, Maud Allen or Gertrude Hoffman, and she suffers nothing by comparison. Critics have called her superior to either the best of her generation or her execution, her person, attractiveness and her adaptability to the theme of her dance. Two characters are associated with Belle-Meclaire, her latest, the stronger dancer, Amasia, her father, Calveses his nemesis. The story told entirely in pantomime, deals with the hatred of Amasia for the latter's extortion and his plot to kill her. This action takes place during the "Dance of the Vulture," subsequently Vulture dancers to her, she repulses him and is desperate. He kills her during her "Dance of the Vulture."

Mr. Howard Burns are two very capable artists who are assisting Miss Ridgeley in the production of "Types," and altogether it is one of the very best sketches that Manager Cohn has booked in a long time.

Purmakers and music makers are not always synonymous, but in the instance of the three chaps who call themselves the "Olio Trio," it goes and goes big. It is a regular plot, as the time they are putting their stuff over, for with a pronounced facility of music making, both instrumental and vocal, so that while these three boys occupy the stage there is something going all the while.

Singing, dancing and comedy form the ingredients of the singing skit that Lily Dean Hart and Wilfred Barriock are responsible for. In the happy melange that someone has christened "The Thunderstorm." The title has no bearing on the lines so to speak, save perhaps the "thunderous" noise resulting from the usual stage mechanics, but yet initial one could find no other two singers and dancers who could furnish so enjoyable a pot-pourri as this duo put over.

Donald and Huntington are extremely entertaining in a capital singing act. There is a little Irish lullaby love song, a street waltz of love and an imitation of the popular choral. Miss Huntington was especially clever in an imitation of a French music hall singer doing an American rag time song.

The Chamberlains give themselves over to the lasso in the limited stage area and dainty and refreshing Marguerite Fry, the "Pink Pajama Girl" is a bright spot on the bill, with her original song selections, one of which is in the faintest, prettiest path of pink silk pajamas. The usual good motion pictures are shown.

HOME EMPLOYEES SIT AT BANQUET

World's Fair Victory Is Celebrated by Members of Telephone Company's Staff.

Employees and officials of the Home Telephone Company on both sides of the bay held a banquet Saturday night in San Francisco at a prominent downtown cafe to celebrate a fitting manner the great victory won by San Francisco in securing the Panama-Pacific Exposition.

A large delegation from Oakland and Berkeley were present at the banquet, which had a room-breaking attendance.

Amid great enthusiasm, all present pledged their support to San Francisco to make the coming fair a celebration to be remembered in the annals of history. Speeches were made by a large proportion of those present, congratulating the city on winning the fair and promising to help in every way in their power to see that the Panama-Pacific Exposition be the most successful and profitable of all.

The toastmaster, head of the contract department of the company, S. E. McKeen, the vice-president, was to have been the master of the feast, but was unfortunately called away to Sacramento at the last of the lights.

Many expressions of pleasure and enthusiasm were heard from those present at the close of the evening. All the guests voted the affair an unqualified success, and hoped it would be made an annual event hereafter.

WILL NOT FLY AT SACRAMENTO

Poor Attendance at Start Is Behind Termination of Aviation Meet.

SACRAMENTO, Feb. 6.—There will be no aviation exhibition in Sacramento today. In fact the aviation meet is as good as called off.

Eugene Ely and Charles Willard, the Curtiss team who were under a contract with J. W. Pavey of San Francisco and several local capitalists to give a three days' aviation meet here, immediately following the flight yesterday, informed Manager Hawley that they had concluded to terminate the meet. Hawley protested, but was forced to an extent the postponement of the flight.

DISASTER AGAIN

WAS IMMINENT

NEW YORK, Feb. 6.—The New Jersey officials who are investigating the water-front explosion which last week cost thirty odd lives and destroyed a million dollars worth of property, learned this morning that New York harbor and the morning's piers along the lower part of the North river were threatened yesterday afternoon with a repetition of that disaster.

Loaded with more than 20,000 pounds of dynamite, a barge broke from her moorings near the statue of Liberty late in the afternoon and drifted down the harbor, threatening the destruction of a forest of shipping at anchor there. An hour after she broke loose the collision with a crash against the Sternston, a British tramp steamer, but the bump was not severe enough to explode the dynamite.

A few minutes later the harbor tug bent got a tow line to the barge and towed her to an anchorage far down the bay.

Kohler, the Artificial Eye Maker, Will Be Here in a Few Days

One week from today Herr Max Kohler, the great maker of artificial eyes, arrives at our Oakland store for a two days' engagement.

This man's work is unquestionably the most satisfactory of that of any professional eye-maker in the world.

One gentleman who patronized Kohler last year stated that he had tried for twenty-five years to get a satisfactory eye and that Professor Kohler was the only man who ever succeeded in exactly pleasing him. This man had been to three eye-makers in Germany and it was there that he first heard of Kohler, who was then in America.

Engagements must be made in advance. He will be in Oakland Monday and Tuesday, February 13th and 14th.

**OLD-TIMERS FORM
AN ORGANIZATION**

West Oakland Residents Unite for Political Good of the City.

Old-time residents of West Oakland have effected an organization which will take an active part in bettering the politics of Oakland as a city, with especial reference to West Oakland. The organization will work as a unit for the best interests of the city. Men of affairs who are capable of discharging the duties of an important organization have been elected as officers of the club, which has been named the Western Harbor Club.

The officers and committees are as follows:
Officers—W. P. Ward, president; Frank Rosa, vice-president; Geo. L. Sheldon, secretary; Joseph Silva, treasurer.
Finance Committee—P. S. McQuade, Louis Stevenson, Oliver P. Morrow.
Executive Committee—W. S. Sledright, J. E. Teague, Frank Williams, R. G. Yates and George Van Vliet.

**SHERIDAN SAILS
WITH 1900 MEN**

SAN FRANCISCO, Feb. 6.—With about 1500 officers and men, the largest number of troops leaving this port in several years, the transport Sheridan sailed today for Manila.

The military force includes ten troops of the 7th cavalry under command of Col. George K. Hunter, sent from Fort Riley, Kas., to relieve the Philippine Regiment, ordered home from the islands, two companies of Coast Artillery and a large number of officers and casuals returning to the Philippines.

The ranking officers on board are General Frederick Funston, who goes to take command of the Department of Luzon, and Colonel John A. Linde, who is to command the new Coast Artillery post at Corregidor.

The Sheridan carries more than 2000 tons of commissary stores and other freight.

**LACK OF A JURY FORCED
KINARD CASE OVER A DAY**

Superior Judge John Ellsworth called the case against C. E. Kinard, charged with felony embezzlement, this morning for trial, but as there was no jury in the case, the matter was continued until tomorrow. Judge William S. Wells, sitting in the criminal department of the Superior Court, will install a jury to serve in the case.

Kinard is accused of stealing \$327.50 from Louise Lamprell, a widow, while acting as her business agent under power of attorney. He was recently convicted before Judge Frank E. Ogden.

This morning the prosecution was about to start its case, but the court postponed the trial for ten days, but the Court of Appeals defeated the judgment on a technicality.

COMES AFTER ESTATE.

OROVILLE, Feb. 6.—Frank Baker of Pennsylvania has just arrived here to settle the estate of his brother, Joshua D. Baker, a prominent orchardist of Palmdale, near here, who died some time ago. Baker is a prominent real estate agent in Palmdale and improved city property in Alameda county worth many thousands of dollars.

Dr. Baker's company intends bringing bananas to this coast from Panama, about 1,500,000 bunches being due here now.
